

Biomass for District Heating and Cooling

About: District heating and cooling (DHC) will play an important role for reaching the ambitious goals set for renewable energy in 2020. This workshop organized by AEBIOM will deal with the framework of DHC, current status in Europe, latest technologies and market development.

Output: Recommendations to the member states for DHC development, to be included in the national Renewable Action Plans as well as recommendations for the European Technology Platform on Renewable Heating and Cooling.

Who should attend: representatives of DHC plants, institutions, responsible for energy in EU member states, energy companies, utilities, EU institutions

Supported by:

EUROHEAT & POWER

Invitation to AEBIOM workshop

“Biomass for District Heating and Cooling”

Date: June 22, 9:30 – 16:30h

Venue: Hotel Leopold Brussels, Rue du Luxembourg 35b, 1050 Brussels, Belgium

Fee: AEBIOM members : 150 Euro
non AEBIOM members : 300 Euro*

If, after the workshop, non AEBIOM members decide to join AEBIOM as associated member, 300 Euros will be deduced from AEBIOM membership fee for the year 2009.

Biomass for District Heating and Cooling

Programme

09:30 - 10:00 Registration and coffee

10:00 - 10:10 **Welcome speech**

Mr. Heinz Kopetz, president of AEBIOM

10:10 - 11:30 **District Heating in Europe**

10:10 **How the new RES directive supports DHC**

Ms. Emese Kottasz, European Commission, DG TREN

10:25 **District heating with renewables in Europe**

Ms. Sabine Froning, Euroheat and Power

10:40 **How DHC can help to reach the EU 2020 target**

Mr. Peter Rechberger, AEBIOM

Discussion

11:20 - 13:00 **Technologies**

11:20 **Technologies and experiences of small and medium scale CHP plants using solid biomass**

Mr. Tauno Kuitunen, MW Biopower Oy, Finland

11:35 **Examples of retrofitting DH in Eastern Europe from coal to biomass**

Mr. Roland Kovacik, SES Tlmace, Slovakia

11:50 **Biogas heating networks**

Mr. Daniel Hölder, Dalkia, Germany

12:05 **District cooling in Spain**

Ms. Alejandra Simó Hidalgo, Sacyr Vallehermoso, Spain (tbc)

Discussion on recommendations for RHC-ETP (European Technology Platform on Renewable Heating and Cooling – more information on www.aebiom.org)

13:00 - 14:00 Lunch

14:00 - 15:30 **Market development**

14:00 **Small scale DH in Austria**

Mr. Guenter Zweiner, Kelag Waerme, Austria

14:15 **Biomass DH in Lithuania**

Mr. Vytautas Stasiūnas, Lithuanian District Heating Association, Lithuania

14:30 **Biomass DHC in Sweden**

Mr. Erik Larsson, Swedish District Heating Association, Sweden

14:45 **Biomass DH in Denmark**

Mr. Birger Lauersen, Danish District Heating Association, Denmark

15:00 - 15:30 Coffee break

Discussion of recommendations for national action plans

All discussion chaired by Mr. Jean-Marc Jossart, AEBIOM

16.30 end of the workshop
